

About Luxor Media

Luxor Media is an unincorporated, non-profit association organized under the Universal Declaration of Human Rights adopted in the United States by the General Assembly on December 10th 1948.

Luxor Media was created by members of the association, with a goal to spread the responsible knowledge and application of a variety of Sacred Sciences through conventional and progressive media production and distribution.

Luxor Media operates out of the basis of knowledge, wisdom, and understanding, wherever it is found. The force pulling humanity towards its final stage of evolution has ushered in an era of awakening, true revelation, and we have chosen to take a role in the great journey towards galactic center over the next few years.

The time is now, we are the ones we have been waiting for. It is our birth right to realize the true nature of our existence. We are truly spirits having a human experience, not humans having a spiritual experience.

Let it be known to all who have hate in their hearts, we are deeply against the New World Order and the Illuminati agenda. The sacred sciences can be used in secret and darkness by those who do harm to others, or in the open and the light by those who do good to others.

It is our full intention to take the esoteric from being only in the hands of the elite and secret societies who wish to control and deceive, and put it in the hands of those who wish to extinguish this control in love and compassion for all of humanity.

"What I tell you in the darkness, speak in the light; and what you hear whispered in the ear, proclaim on the housetops."
(Matthew 10:27)

We hope you find great wisdom in your quest for knowledge and understanding, our best efforts are put forth to aid in your journey.
